SUMMARY

A full stack developer with a focus on delivering impactful results, eager to tackle dynamic challenges and apply creativity to craft intuitive user experiences. Demonstrated 3 years expertise of utilizing skills in designing and building efficient, scalable, and user-friendly web applications, delivering innovative solutions across both frontend and backend development.. Skilled in leveraging state-of-the-art tools and methodologies to streamline processes and elevate user satisfaction.

TECHNICAL SKILLS

Frontend Development: Javascript, React.Js, Node.Js, CSS, Bootstrap, Tailwind CSS, Redux, APIs, Git, HTML

Backend Development: Mongo DB, Express JS, Python, Django

PROFESSIONAL EXPERIENCE

Freelance Full Stack Developer Self-Employed | Remote

Jan 2024 – Present

- Designed and developed responsive websites for active businesses, including e-commerce, real estate, and service-based platforms, improving their online presence and customer engagement.
- Collaborated with clients to translate their requirements into intuitive and visually appealing user interfaces.
- Implemented modern front-end technologies such as HTML, CSS, JavaScript, and frameworks like React.JS to deliver optimized, user-friendly web applications.
- Ensured website functionality across multiple devices and browsers through rigorous testing and debugging.
- Managed end-to-end project lifecycles, from requirement gathering to deployment, ensuring timely delivery.

Full stack Development Bizmarrow Technologies | Gwarinpa, Abuja, Nigeria.

June 2022 – Dec 2023

- Gained foundational skills both in front-end and backend development learning to build interactive web interfaces and solve user-experience challenges.
- Assisted in creating small-scale web applications to practice coding concepts and real-world development processes.
- Participated in workshops and team projects that involved HTML, CSS, JavaScript, React.JS, Tailwind CSS, python, Django, MongoDB and Git version control.

EDUCATION

Diploma Backend Engineering
Bizmarrow Technologies, Abuja

2022

Diploma Frontend Engineering
Bizmarrow Technologies, Abuja

2021

PROJECTS

- **Freelance project:**

OjTec Autocare Ltd, based in Abuja, Nigeria, specializes in vehicle maintenance, repair, and detailing with a focus on reliability and customer satisfaction. I designed their user-friendly website, enabling customers to book appointments online, enhancing convenience and aligning with the company's commitment to innovation and exceptional service. Here's their website: www.ojtecautocare.ng.com

- **Cryptocurrency web app (Demo):**

Trust-Trade is a cryptocurrency website that provides real-time prices and market data for assets like Bitcoin and Ethereum using the CoinGecko API. The platform fetches precise and up-to-date data, demonstrating my skills in Web development and API integration. Designed to be responsive and ability to create modern, data-driven applications. Visit website (<https://olajoseph32.github.io/trust-trade/>)

- **Real Estate Website:**

Vista Homes. Is a real estate platform where developers, agents, and buyers manage properties or explore listings for rent or sale. Designed with responsive, user-friendly interfaces, it highlights my web development expertise and ability to create tailored digital solutions for diverse user needs. Visit website (<https://olajoseph32.github.io/vista-homes/>)

LEADERSHIP

As a full stack web developer, leadership goes beyond technical skills. It's about guiding projects from start to finish, encouraging collaboration, and empowering innovation. I bridge the gap between frontend and backend, ensuring smooth integration. My leadership style includes clear communication, mentoring junior developers, and staying adaptable to new technologies, always prioritizing user-focused solutions that surpass client expectations.
